SOUTH AFRICA

- **Johannesburg** is the largest city in South Africa. This city is the mining camp that grew into Africa's dynamic and vibrant city of Gold. Experience the old and new, the wealth and poverty from different points whilst you hear the story of the largest gold field in the world. See how a city transformed from all that was sordid into the financial capital of Africa.

CAPE TOWN

- **Cape Town** - Resting at the confluence of the Indian and Atlantic oceans, situated between the slopes of the iconic Table Mountain and the glistening sapphire waters of the Atlantic and Indian oceans, the exceptionally scenic city of Cape Town is in a class of its own. Some cities boast rich culture, vibrant nightlife, a cosmopolitan atmosphere and extraordinary architecture, while others boast breathtaking landscapes and extraordinary natural wonders. Cape Town is fortunate to be blessed with all of these attractions and so much more. With its bustling harbour, worldclass beaches, top-notch vineyards, and its mountainous surroundings brimming with diverse flora and fauna, Cape Town consistently captivates the hearts of all who visit.
- **Table Mountain** - Without a doubt it is Table Mountain that makes Cape Town the unique city it is. Rising up over 1000m above sea level, it is the icon that makes Cape Town instantly recognizable. It is a symbol, a playground, a spiritual retreat and a big draw card for tourists. So intertwined with the identity of Cape Town is Table Mountain that a visit to the city isn't complete without having walked or taken the cable car to the top.
- **Cape Point** - is a spectacular sight, covered in endemic fynbos and home to breathtaking bays, beaches and rolling green hills and valleys, just 60km outside of Cape Town. Cape Point falls within the Cape Floral Region, a World Heritage Site. The Cape Floral Region is one of the richest areas for plants in the world - it is home to nearly 20% of Africa's flora. Cape Point is open daily and is a must-see.
- **Stony Point Penguins** - This is a great place to see these comical little chaps in their tuxedos. The penguin colony at Stony Point started in 1982 and is one of only three mainland colonies. Due to human and predator disturbances the Stony Point area was fenced off in 1987 and soon cormorants started to breed here.
